Registration for HSGswisscovery

From the 7.12.2020 you will need the new login to use the library collection.

Start the registration at step one at the green process (SWITCH edu-ID account exists) or at the orange process (Creating a new SWITCH edu-ID).

Follow the instruction. This guide supports you as a user of the HSG library to be well informed about the single steps.

The FAQ from SLSP is an incredibly useful tool for all further questions and inquiries. For more questions about the registration we are gladly at your service during our opening hours.
