Regulations for Excellence Scholarships at the Bachelor’s and Master’s Level

Resolution of the Senate Committee of 11 December 2018.¹

A. General part
I. Scope and purpose

Art. 1.¹ These Regulations govern the award of Excellence Scholarships to foreign students at the Bachelor’s Level (which consists of the Assessment Year and Bachelor’s Studies) and at the Master’s Level. For this purpose, the HSG runs two hypothecated funds entitled “Excellence Scholarship Fund for the Bachelor’s Level” and “Starr International Foundation Scholarship Fund” (for the Master’s level), which are being managed in accordance with the provisions of these Regulations.

II. Application

Art. 2.¹ Applicants shall demonstrate that they fulfil the requirements for the Excellence Scholarship in question pursuant to Art. 10 (Bachelor’s Level) or Art. 15 (Master’s Level) concurrently with their application for enrolment.

² Enquiries and applications shall be treated confidentially and only be made accessible to such persons as require this access for the selection and administration of the scholarship holders.

III. Organisation

Art. 3.¹ The Advice Center for Study Funding of the University of St. Gallen shall manage the day-to-day business. It notifies applicants of the decision.

IV. Performance review

Art. 4.¹ After two semesters (Master’s Level) or after two and four semesters (Bachelor’s Level), the scholarship holder’s performance shall be reviewed according to criteria laid down by the programme director (Master’s Level) or the Dean of Studies (Bachelor’s Level). These criteria shall specify a required grade average across a minimum number of credits earned by the scholarship holder in prescribed courses. The Advice Center for Study Funding shall support the Dean of Studies and the programme directors and review the criteria according to which the Master’s programmes conduct their performance reviews.

² If a scholarship holder fails to fulfil the required criteria, the relevant instalment or instalments of the scholarship shall not be paid any longer.

V. Consequences in cases of exmatriculation

Art. 5.¹ If a scholarship holder is exmatriculated before they obtain their degree, the amount of the scholarship that has been disbursed up to this date shall have to be repaid in full. In justified cases, the Dean of Studies may exempt scholarship holders from this rule.

¹ These Regulations replace the regulations entitled “Staff International Foundation Scholarship Fund” of 28 April 2009.
VI. Legal protection

Art. 6. Procedures and legal protection shall be governed by the University of St.Gallen Act (Consolidated Statute Book of the Canton of St.Gallen No. 217.11) and, by way of secondary priority, by the Administrative Procedure Act (Consolidated Statute Book of the Canton of St.Gallen No. 951.1). The Senate Committee may only check an order issued in application of these Regulations for unlawfulness.
