Request for the third member of the thesis committee

The third member of the DIA dissertation committee participates in the defence (in person or via Skype/videoconference) and writes a short report (up to two pages) on the full thesis, also when a chapter is already published.

If the supervisor and the co-supervisor are members of the faculty of the University of St.Gallen, the third member is chosen from another academic institution.

The third member of the dissertation committee is identified during the research stage and approved by the programme commission.

The supervisor nominates a third member and submits the form at the latest one semester before the thesis submission deadline.
